

Green Sponsorships: Partner with Our Podcasts

We like to shatter stereotypes and redefine what it means to be *Plant-Based* - Unfiltered and unapologetic but always entertaining!

We cater to a broad audience interested in plant-based living, green businesses, and captivating entertainment.

Can be heard anywhere podcasts are heard: Apple Podcasts, Spotify, YouTube, and much more!

Partners enjoy a big **BANG** for their buck, with visibility across myriad digital media.

Featured Voices: Highlights from Our Podcast Network

Join us as we explore the stories of real men (and women) embracing a plant-powered lifestyle, discussing the benefits for physical and mental well-being, sustainability, and the broader impact on our planet.

Glen Merzer lives with the philosophy that he has two reasons to write: to make people laugh and to make people vegan. He has the same two reasons to podcast. This podcast is for open-minded individuals who are interested in veganism, climate change, and the destructive effects of animal agriculture, but also enjoy healthy cooking, theater, and culture.
